Rhyme-time Christmas Challenge

A festive family walk with a little bit of fun along the way.

Read through the clues to find all the places you need to go to around your area. At each place, make sure you draw in the symbol or logo for the place you end up at.

How it works: You will need to download the Rhyme-time Christmas Clues (1-10) You can decorate the clues or else put them into an envelope for when you go on your walk. (Do not show these clues to the participants before the walk!!)

You need to choose one person who is going on the walk with you to be the designated clue keeper. They are the person that will read out the clues to the rest of the group and tell you whether the place you have gone to is correct. There is a sheet attached at the end of this pack with all the answers of the correct places to visit, only the clue keeper must see these or else it will ruin the fun.

At each place, a new clue will be given. Before leaving the current place, make sure you draw in the logo/ symbol of the place you are. You can draw it on your activity sheet. (Sheet is attached)

For the last place you visit, each family will have a different place as it is one that is special to your participants. Decide on one place together and make that your final stop. At this place, you can reward the participants with a small gift, treat or something special. (Be creative)
